holiday be proclaimed throughout Og-
den and Weber county, on May 10. A
formal request to the merchants of

committee through the Merchants' as-
sociation.

RAILWAY CLERKS ARE LEFT HUNGRY IN SALT LAKE

A large delegation from the Railway
Clerks' union went to Salt Lake last
night. About forty members of the
local lodge left Ogden over the Bam-
berger line and attended a meeting to
which they had been invited. The in-
vitation stated that the men from Og-
den were to participate in a big feast,
dance and speeches, but when the local
boys reached the place, no banquet
was in sight. The Ogden boys
returned hungry.

The Ogden lodge of the Railway
Clerks' union now has a membership
of about 350. It was organized in
January of this year and its growth
has surpassed all expectations.

PIONEERS MAY BE BROUGHT TO OGDEN AS PART OF THE RAILROAD CELEBRATION

On the occasion of the Golden Spike
celebration on May 10th, the city of
Ogden will entertain the old pioneers
who helped to build the Union Pacific
and Central Pacific railroads in Utah.
Several hundred of whom are believed
to be still alive and living within the
state, or somewhere in the intermount-
tain region. This was decided this
morning by the general committee, at
a meeting held in the office of Mayor
T. S. Browning.

The general, or executive, commit-
tee also adopted a name for the cele-
bration which will be officially desig-
nated the "Golden Spike Celebration."
The adoption of the name called forth
considerable discussion and it was fin-
ally decided to use this title, instead
of one of greater length.

All those who worked on the rail-
road lines in this state fifty years ago
and did their "bit" in making the driv-
ing of the golden spike possible on
May 10th, 1869, will be guests of the
city.

Will be Guests
It was also tentatively arranged that
the railroads will provide the trans-
portation for legitimate pioneers who
worked within the state of Utah on
the railroad during the Golden Spike
period and who still reside in this
state. They will be conveyed from their
homes to Ogden. The railroad com-
mittee could not promise definitely
that this could be carried out, but
expressed the opinion that high rail-
road officials would heartily en-
dorse the plan.

It was decided that Ogden will act
as host to the aged railroad pioneers
who come to take part in the celebra-
tion, no matter how they come.

An effort will be made through the
Historical society to get the name and
address of every such pioneer now liv-
ing within the state or close to its
borders in surrounding states. This
society has a record of the names of
contractors and sub-contractors who
built sections of the railroad in the
state of Utah.

Checking Up Names
The executive committee requests
pioneers, or friends, to send their
names to the general committee at
once in order that they may have time
to check the validity of the claim to
having worked on the railroad during
the Golden Spike period, and so that
arrangements can be made with the
railroad committee for the transporta-
tion in case such is provided, as well
as for providing for their entertain-

ment in Ogden during the celebration.
The proper address for sending such
names to the committee is "Secretary
Golden Spike Celebration, Ogden,
Utah." The names will be turned over
to the committee of the Historical so-
ciety. Andrew Jensen and Delbert
Parrott were the representatives of
this society at the meeting this morn-
ing.

The names of all those who are
found to have worked on the railroads
during the period of fifty years ago
will be enrolled and filed in the ar-
chives of the state by the Historical so-
ciety, and this is one of the chief rea-
sons for desiring to search out all the
old timers. Only a few of the names
are now on the records.

Auto Trip Planned
At the meeting this morning it was
also provided that an excursion by
auto will be made by the members of
all the committees to Promontory a
short time before the celebration. As
many citizens as wish to visit the his-
toric spot will be welcomed on the
trip, although this will not be an of-
ficial part of the celebration. Mrs.
Jensen, who was one of the pioneers
who worked on the railroads when
they were built, explained to the com-
mittee that he had been informed by
Preston Nibley of Salt Lake only yes-
terday that the wagon road is now in
good condition.

The general committee reaffirmed
the plan adopted by the preliminary
committee to hold only a one day cele-
bration. Some favored a two-day cele-
bration. This was strongly opposed
by Mayor Browning and his suggestion
was finally adopted.

At the conclusion of the meeting, it
was decided to call members of the
general committee together on Thurs-
day morning. This meeting will also
be held in the mayor's office at 10
o'clock and reports of committees will
then be made. Warren L. Watts,
chairman of the finance committee,
was not present, having been called to
Idaho on business. He will probably
be on hand at the meeting Tuesday
and will report on financial prospects
for making the event one of the big-
gest that has ever been staged in
Utah.

Mrs. Maria Farr Taylor, chairman
of the woman's branch of the program
committee, said that every type of
conveyance, from a hand cart to an
airplane will be exhibited during the
celebration.

ent of the city waterworks and must

SCHOOL CHILDREN TO HAVE FREE WATER

Ogden school children will have
free use of water for gardens this
season, the water to be used under
certain restrictions and for a limited
amount of ground. This privilege has
been granted through an appeal of E.
A. Bachman, garden supervisor of the
city schools, to the city commission.

The resolution covering the granting
of the water was submitted at a re-
cent meeting by Commissioner Chris
Flygar, and adopted. The resolution
provides that not more than two chil-
dren in one family can use water for
gardens free, and that each one may
have free water for not over two
square rods of ground and to be used
for the purpose of growing vegetables
only. An application must be made in

the motion for a new trial in the
case of E. W. Patrick against the Og-
den Standard, was argued in the dis-
trict court before Judge A. W. Agee
yesterday afternoon, and taken under
advisement.

At the recent trial of the case, in
which Patrick sought to recover dam-
ages against the Standard for an al-
leged libel, the jury brought in a ver-
dict of no cause for action.

Court Adjourns

The following tribute to T. B. Evans
came from Judge Agee's court:

"Death has claimed one of our promi-
nent and honored citizens, T. B. Ev-
ans, father of Lieutenant Joseph E. Ev-
ans, a member of the bar of this coun-
ty. I have known Mr. Evans for twenty
years, as one of our most public
spirited and upright citizens. His in-
fluence was ever on the side of moral-
ity, right and justice, and he labored
fearlessly and incessantly for the bet-
terment of moral and civic conditions
in this city and county, and nothing
could swerve him from his convictions
of right. I estimated him as one of
my most valued friends.

"In honor of his memory, it is or-
dered, that this department one of this
court stand adjourned, during the fu-
neral services to be held this after-
noon, and until 10 o'clock a. m., April
9, 1919.

HERE'S A REMARKABLE CASE

This story is about an Og-
den woman who took one
adjustment and got per-
manent relief from a se-
vere case of neuralgia of several months duration.
This particular woman had been a patient sufferer,
had tried most everything under the sun, all the
new-fangled cures and what-nots, but still the neu-
ralgia hung on. She decided to try Chiropractic. The
pain left with the very first adjustment. She contin-
ued the treatments, however, for four weeks and is
now permanently cured.

Chiropractic does not relieve all cases with the
first adjustment, still there are instances where this
occurs, and as this is one, I like to tell about it to
other sufferers of neuralgia.
